Come and see artists in action and learn art projects you can do in the classroom!
Workshop Designed for Adults Only!

Six options will be offered and from those, participants will choose 4 of the 6 sessions to attend. One session will cover “How to Present a Work of Art” with the other five exploring the elements of art through a variety of art materials well-known artists have used.

Lesson plans provided for each artist highlighted and creation of a “hands on” project sample will help participants feel confident to duplicate with students. Presentation guidelines will be supplied as well as pertinent resources for further exploration.
